

Commission's Public Reference and Files Maintenance Branch, located at 888 First Street, N.E., Room 2A, Washington, D.C. 20426, or by calling (202) 219-1371. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (Call (202) 208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item h above.

Preliminary Permit—Anyone desiring to file a competing application for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.32(a) and (b)(1).

Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application (see 18 CFR 4.36). Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.32(a), (b), and (c).

Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide

whether to proceed with the preparation of a development application to construct and operate the project.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211 and .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary and an additional copy must be sent to Director, Division of Project Review, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Linwood A. Watson, Jr.,

Acting Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6336-1]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Ambient Air Quality Surveillance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Ambient Air Quality Surveillance, OMB Number 2060-0084, EPA ICR 0940.16, expiration date June 30, 1999. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before June 4, 1999.

FOR FURTHER INFORMATION: Contact Sandy Farmer at EPA by phone at (202) 260-2740, by E-Mail at Farmer.Sandy@epamail.epa.gov or download a copy of the ICR off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 0940.16.

SUPPLEMENTARY INFORMATION:

Title: Ambient Air Quality Surveillance, [OMB Number (2060-0084), EPA ICR # 0940.16] expiring June 30, 1999. This is a request for extension of a currently approved collection.

Abstract: The general authority for the collection of ambient air quality data is contained in sections 110 and 319 of the Clean Air Act (42 U.S.C. 1857). Section 110 makes it clear that State generated air quality data are central to the air quality management process through a system of State implementation plans (SIP). Section 319 was added via the 1977 Amendments to the Act and spells out the key elements of an acceptable monitoring and reporting scheme. To a large extent, the requirements of section 319 had already been anticipated in the detailed strategy document prepared by EPA's Standing Air Monitoring Work Group (SAMWG). The regulatory provisions to implement these recommendations were developed through close consultation with the State and local agency representatives serving on SAMWG and through reviews by ad-hoc panels from the State and Territorial Air Pollution Program Administrators and the Association of

Local Air Pollution Control Officials. These modifications to the previous regulations were issued as final rules on May, 10, 1979 (44 FR 27558) and are contained in 40 CFR part 58.

Major amendments which affect the hourly burdens were made in 1983 for lead, 1987 for PM-10, 1993 for enhanced monitoring for ozone, and 1997 for PM_{2.5}. The specific required activities for the burden include establishing and operating ambient air monitors and samplers, conducting sample analyses for all pollutants for which a national ambient air quality standard (NAAQS) has been established, preparing, editing, and quality assuring the data, and submitting the ambient air quality data and quality assurance data to EPA.

Some of the major uses of the data are for judging attainment of the NAAQS, evaluating progress in achieving/maintaining the NAAQS or State/local standards, developing or revising SIP's, evaluating control strategies, developing or revising national control policies, providing data for model development and validation, supporting enforcement actions, documenting episodes and initiating episode controls, documenting population exposure, and providing information to the public and other interested parties.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on the collection of information was published on August 3, 1998 (63 FR 41251); no comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 4,624 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements, train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of

information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State and local air pollution control agencies.

Estimated Number of Respondents: 130.

Frequency of Response: Quarterly, Semi-Annually, Annually.

Estimated Total Annual Hour Burden: 2,404,606 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$73,643,000.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 0940.16 and OMB Control No. 2060-0084 in any correspondence. Ms. Sandy Farmer, U.S. Environmental Protection Agency, Office of Policy, Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460; and Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503.

Dated: April 29, 1999.

Richard T. Westlund,

Acting Director, Regulatory Information Division.

Azinphos-Methyl, Revised Pesticide Risk Assessment; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA will hold a public meeting to present the revised risk assessment for one organophosphate pesticide, azinphos-methyl, to interested stakeholders. This public meeting, called a "Technical Briefing," will provide an opportunity for stakeholders to learn about the data, information, and methodologies that the Agency used in revising its risk assessment for azinphos-methyl. In addition, representatives of the U.S. Department of Agriculture (USDA) will also provide ideas on possible risk management for azinphos-methyl.

DATES: The technical briefing will be held on Wednesday, May 19, 1999, from 9 a.m. to 12 noon.

ADDRESSES: The technical briefing will be held at the Environmental Protection Agency, Rm. 1126, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA.

FOR FURTHER INFORMATION CONTACT: By mail: Barry O'Keefe, Special Review and Registration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; telephone number: (703) 308-8035; e-mail address: okeefe.barry@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does This Action Apply To Me?

This action applies to the public in general. As such, the Agency has not attempted to specifically describe all the entities potentially affected by this action. The Agency believes that a wide range of stakeholders will be interested in technical briefings on organophosphates, including environmental, human health, and agricultural advocates, the chemical industry, pesticide users, and members of the public interested in the use of pesticides on food. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed in the "FOR FURTHER INFORMATION CONTACT" section.

B. How Can I Get Additional Information or Copies of This Document or Other Documents Discussed in This Notice?

1. *Electronically.* You may obtain electronic copies of this document and other related documents from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "**Federal Register**—Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

To access information about organophosphate pesticides, you can also go directly to the Home Page for the Office of Pesticide Programs (OPP) at <http://www.epa.gov/pesticides/op/>. In addition, a brief summary of the azinphos-methyl revised risk assessment is now available at <http://www.epa.gov/pesticides/op/status.htm/>, as well as in paper as part of the public version of the official record as described in Unit I.B.2. of this document.

2. *In person or by telephone.* If you have any questions or need additional information about this document, you may contact the person identified in the
